Sir,

I have the honour to forward herewith a copy of letter No. M.C.98/38-39, dated 21-12-1938 addressed by the President, Town Municipal Council, Davangere to the Deputy Commissioner, Citaldrug together with its enclosure regarding the installation of an X-Ray Plant in Davangere. It will be kindly seen that Mr.Hanagavadi Murugappiah, the donor of the Tuberculosis Hospital at Davangere is agreeable to pay a donation of Rs.2,500/- for the X-Ray Plant and that the Municipal Council have resolved to contribute a similar sum of Rs.2,500/- towards the installation.

2) The provision of X-Ray apparatus to the Davangere Hospital is an urgent necessity both in view of the growing importance of the Hospitals there and the addition of facilities for the treatment of Tuberculosis patients. I am of opinion that the installation of an X-Ray Plant in Davangere Hospital which will serve the needs of the L.F. Dispensary, Maternity Hospital and the Tuberculosis Hospital will be of much benefit to the growing population of Davangere as also that of its surrounding area.

3) An X-Ray Plant with its accessaries is estimated to cost about Rs.10,000/-. Of this, a sum of Rs.5,000/- will be available by way of donations from Mr.Murugappiah and the Municipal Council of Davangere. As the X-Ray Plant is very urgently needed, I recommend that Government may be pleased to meet the remaining cost of

6) The necessity of an X-Ray plant for Davangere Town was urged previously by the Senior Surgeon whose letter No.C.2271 dated 21-11-1938 in this matter was placed before the Council for their consideration on 25-11-1938. The application of Mr.H.Murigappiah was considered by the Municipal Council in their meeting held on 12-12-1938 when they resolved that a sum of Rs.2,500/- may be contributed if a new X-Ray plant is installed in the premises of the Local Fund Dispensary at Davangere at a cost of about Rs.10,000/- and that this sum may be paid out of the closing balance of the Municipality. Though this expenditure is an additional burden on the resources of the Municipality, still the sum voted for the purpose may be met out of the expected savings of Rs.1,500/- provided towards the quota of maintenance of the Tuberculosis Hospital during the current year under the head E.3.d, Collections under octroi being favourable during the year, the sum of Rs.2,5000/-provided in the budget, it is hoped, will be increased at least by about Rs.2,000/-. In spite of these additional sources, expenditure under all heads will be kept within the budget grant and care will be taken to preserve the prescribed minimum closing balance of the Municipal Council. Local Self Government Department, Bangalore.

Sir,

With reference to your letter No.G.7760/Med.186-38-2 dated the 10th Instant regarding the X-Ray plant for Davangere, I have the honour to state that in addition to the contribution towards the purchase of the X-ray plant, Government may not have to incur any additional cost, as the cost on account of X-ray materials etc., and for an X-ray attendant will have to be met by the Local Bodies in the case of this Institution.

In this connection, I would invite reference to the G.O.No.G. 2421-4 Med.28-37-4 dated the 23rd September 1937, wherein Government have, on the recommendation of the then Senior Surgeon, deleted the provision of Rs.50/- made on account of Railway fare for patients to proceed to either Bangalore or Mysore for taking skiagrams. Now as an X-ray installation is proposed at Davangerex itself, the following additional cost appears to be necessary.

One X-Ray Attendant	...	Rs.15-1-20 average. 18 3/4.
X-Ray materials	...	" 30/-
Electric charges	...	" 10/-
Total	...	Rs. 58 3/4 per mensem.

This will have to be met in equal proportions by the District Board, Chitaldrug and the Local Municipality. I have addressed them today to ascertain their willingness to bear this extra cost, as otherwise the whole proposition may have to fall through. Their decision will be communicated on receipt.
